### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘B’ Grade.

### **About H&S Department:**

The AITS Hyderabad, The department conducts specialized courses which are offered as a part of the curriculum, teamed-up with other main branches of specializations. With globalization playing a key role in the industrial sector, an employee with good communication is no more a luxury, but has become a necessity. This is a sentiment shared by the employers across horizons. Understanding the fact that soft skills are the need of the hour, the curriculum of B.Tech first year offers courses in Mathematics, English Language Communication Skills, Physics, Chemistry and Environmental Sciences.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘B’ Grade.

### **About H&S Department:**

The AITS Hyderabad, The department conducts specialized courses which are offered as a part of the curriculum, teamed-up with other main branches of specializations. With globalization playing a key role in the industrial sector, an employee with good communication is no more a luxury, but has become a necessity. This is a sentiment shared by the employers across horizons. Understanding the fact that soft skills are the need of the hour, the curriculum of B.Tech first year offers courses in Mathematics, English Language Communication Skills, Physics, Chemistry and Environmental Sciences.

### **About the Program:**

A workshop on Communication Skills is a 15 days program delivery by **Mr. Pavan Kumar, St.Mary’s Engineering College, Hyderabad**. Resource Speaker will deliver his content on importance of Communication Skills, Public Speaking, Conventional Grammar, Time Management, Group Discussion. ### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘A’ Grade.

### **About H&S Department:**

The AITS Hyderabad, The department conducts specialized courses which are offered as a part of the curriculum, teamed-up with other main branches of specializations. With globalization playing a key role in the industrial sector, an employee with good communication is no more a luxury, but has become a necessity. This is a sentiment shared by the employers across horizons. Understanding the fact that soft skills are the need of the hour, the curriculum of B.Tech first year offers courses in Mathematics, English Language Communication Skills, Physics, Chemistry and Environmental Sciences.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘A’ Grade.

### **About H&S Department:**

The AITS Hyderabad, The department conducts specialized courses which are offered as a part of the curriculum, teamed-up with other main branches of specializations. With globalization playing a key role in the industrial sector, an employee with good communication is no more a luxury, but has become a necessity. This is a sentiment shared by the employers across horizons. Understanding the fact that soft skills are the need of the hour, the curriculum of B.Tech first year offers courses in Mathematics, English Language Communication Skills, Physics, Chemistry and Environmental Sciences.

### **About the Program:**

A workshop on Communication Skills is a 15 days program delivery by **Mrs. Sailaja, GuruNanak Institute of Technology and Sciences Hyderabad**. Resource Speaker will deliver her content on importance of Communication Skills, Public Speaking, Conventional Grammar, Time Management, Group Discussion. These skills will refine your message delivery and make it more persuasive. It helps to improve personal growth opportunities and boost self-confidence. This increases the chances tha

Participants	Faculty and Students

## Description

A health camp was held at the Annamacharya Institute of Technology and Sciences Blood Donation Camp in Association with Shri. P.V. Narsimha Rao Memorial Charitable Trust, checked the students' basic health. Many students were found to be anemic and were soon given iron supplements under the direction of their doctors. The students were very happy to learn basic precautions to keep them healthy and fit. Trust members educate the students on hygiene habit and the importance of basic hygiene before meals. Proper hand hygiene is paramount to prevent infection.

Physicians checked HP, blood glucose levels, and electrocardiograms of faculty and non-faculty personnel. Many departments have been found to have high blood pressure and sugar. Doctors provide medicines and provide guidance to faculty. Faculty members and non-faculty members enjoyed learning basic precautions regarding illness and maintaining good health and wellness.

## Description of program

“Self-defense” and discover thousands of classes that claim to teach self-defense for women, children, grandparents and even dogs. This kind of instruction is important and valid, but it can miss the key concepts of self-protection, concepts that are designed to help you avoid conflict in the first place.

“The action of protecting, or the state of being protected. A person or thing that prevents someone or something from suffering harm or injury”. As martial artists, we know that it takes years of practice to master self-defense moves. These can include pressure points, strikes, joint locks, kicks and weapons techniques.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘B’ Grade.

### **About H&S Department:**

The AITS Hyderabad, The department conducts specialized courses which are offered as a part of the curriculum, teamed-up with other main branches of specializations. With globalization playing a key role in the industrial sector, an employee with good communication is no more a luxury, but has become a necessity. This is a sentiment shared by the employers across horizons. Understanding the fact that soft skills are the need of the hour, the curriculum of B.Tech first year offers courses in Mathematics, English Language Communication Skills, Physics, Chemistry and Environmental Sciences.

### **About the Program:**

A workshop on Communication Skills is a 1 day program delivery by **M. MR.**

**P.L.S.P RAJA RAO**

**Hyderabad.** Resource Speaker will deliver her content on importance of Communication Skills, Public Speaking, Conventional Grammar, Time Management, Group

Discussion. These skills will refine your message delivery and make it more persuasive. It helps to

### **Description of program**

Self-employment refers to working for oneself rather than working for a specific employer who pays them a salary. It is common in a variety of occupations, but one common theme is that self-employed individuals tend to be highly skilled in a specific area.

Some common types of self-employment include independent contractors, sole proprietorships, and partnerships.

It is also important to distinguish self-employment from other terms such as entrepreneurship and a startup. Entrepreneurship typically refers to the process of designing, launching, and operating a new business. It encompasses all new organizations, including small businesses that never intend to grow big and become registered, while a startup is a temporary new organization that is created with the intention to become larger beyond the founders and owners, and hire employees.

Advantages of Self Employment:

- More opportunities to earn money.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘B’ Grade.

### **About CSE Department:**

The AITS Hyderabad, Computer Science Engineering (CSE) is an academic curriculum that combines the fields of Computer Engineering and Computer Science. It is one of the most popular courses among engineering students. CSE is an enthralling and unique innovative subject that encourages students to pursue creativity and technology.

### **About the Program:**

A Seminar on Stress Management is a 1 day program delivery by **Dr.JayaRam, St.Mary’s Engineering College, Hyderabad**. Resource Speaker will deliver his content on importance of Stress Management, Public Speaking, Conventional Grammar, Time Management, Group Discussion. These skills will refine your message delivery and make it more persuasive. It helps to improve personal growth opportunities and boost self-confidence. This increases the chances tha

### DESCRIPTION

A Seminar on "Emotional Intelligence Quotient" was delivered by Dr. Dr P Lachi Reddy, Asso Professor, Lakireddy Balreddy Engg & Technology, on October 29th, 2021. Electronics and Communication engineering students shown great interest in the program and learn so many new things in the field of Emotional Intelligence Quotient. The Resource person clearly explained about Emotional Intelligence. Emotional Intelligence is the ability to understand, use, and manage your own emotions in positive ways to relieve stress, communicate effectively, emphasize with others, overcome challenges and defuse conflict. With the help of this program, the students have the idea of four domains of Emotional Intelligence: self awareness, self management, social awareness and relationship management. Each can help a leader face any crisis with lower levels of stress, less emotional reactivity and fewer unintended consequences.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. **“VidhvanSarvatraPujyathe”**The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” AITS is a part of Annamacharya Educational Trust. The institute was established in Hyderabad in 2005 approved by All Indian Council for Technical Education (AICTE), New Delhi, and Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘A’ Grade.

### **About Electronics And Communication Engineering Department**

A separate section for Electronics And Communication Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members. The Electronics and Communication Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books

### **About the Program:**

A Program on Networking Skills is a 1 day program delivery by Dr. P. Gandhi, Asso. Prof Kodada Institute Of Technology and Sciences Kodada . Resource Speaker will deliver his content on importance of Networking Skills. These skills will refine your technical strength delivery and make it more persuasive. It helps to improve personal growth opportunities and boost self-confidence. This increases the chances of achieving targets in career.

### DESCRIPTION

A Soft skills training program for "Networking" was developed by Dr . P. Gandli, Asso. Professor, Kodada Institute of Technology & sciences, Kodada on 14.08.2019 at our seminar hall, AITS. Electronics and Communication engineering students show great interest in the program and learn so many new things in the field of "Networking". Networking also known as computer networking, is the transporting and exchanging data between nodes over a shared medium in an information system. Networking comprises not only the design, construction and use of a network, but also the management, maintenance and operation of the network, infrastructure, software and policies. The importance of networking is well explained to the students. The various types of networking systems which is used in now a days is clearly explained in the session.

### DESCRIPTION

A Soft skills training program for "Inquisitiveness" was developed by Dr R Venkat Reddy, Asso Professor, Anurag university, Ghatkesar, Hyd on August 13, 2018 . Electronics and Communication engineering students show great interest in the program and learn so many new things in the field of soft skills. The communication skills of the students are improved by learning new words every day. The importance of the Communication is explained to the students in a clear way. Inquisitiveness gives the quality of wanting to discover as much as you can about things, sometimes in a way that annoys people.

### About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

## ANNAMACHARYA INSTITUTE OF TECHNOLOGY & SCIENCE

### About Mechanical Department:

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

### DEPARTMENT OF MECHANICAL ENGINEERING

The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

## Seminar On

## “Leadership Skills”

07 APRIL 2021

### About the seminar:

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

Sub: **Critical Thinking** Training for 4<sup>TH</sup> year Mechanical students of AITS - Reg.

We are planning to conduct seminar on "**Critical Thinking**" Training for mechanical students of AITS ., by **Dr. Praveen** 30/01/2020 at our seminar hall, AITS. Students are instructed to utilize the program and get benefited out of it.

Name of the Program	Seminar on Critical Thinking
Resource Person	Dr. Praveen Asst. Professor, Avanthi Institute of Engineering and Technology.
Name of the coordinator	Mr. B Prakash Asst. Professor in MECH Department
Organized by	Department of Mechanical and Engineering
Date	30/01/2020
Venue	Seminar Hall
Time	10:00 am to 4.00 pm
Participants	31 Students

### DESCRIPTION

A Soft skills training program for critical thinking was developed by Dr. Praveen 30/01/2020 May mechanical engineering students show great interest in the program and learn so many new things in the field of soft skills. Critical thinking as a set of skills that enable a person to interact with an audience and convey their message clearly engage your audience in your presentation. These skills will refine your message delivery and make it more persuasive. It helps improve personal growth opportunities

### About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

## ANNAMACHARYA INSTITUTE OF TECHNOLOGY & SCIENCE

### About Mechanical Department:

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

### DEPARTMENT OF MECHANICAL ENGINEERING

The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

### About the seminar:

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

### About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidhvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

### About Civil Department:

The AITS Hyderabad, Department of Civil Engineering was established in the academic year 2011, with an annual intake of 40 students. The number of students further went up to 120 in the year 2013. The Department has requisite number of faculty members, striving to incorporate excellence in theory and practice. A team of dynamic, dedicated, well qualified and experienced academicians such as Professors, Associate Professors, Assistant Professors & Senior faculty with vast research experience are available in our departments. Apart from that the visiting faculty has been incorporated from various prestigious universities to enrich the students' knowledge base.

### About the seminar:

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

### About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidhvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

### About Civil Department:

The AITS Hyderabad, Department of Civil Engineering was established in the academic year 2011, with an annual intake of 40 students. The number of students further went up to 120 in the year 2013. The Department has requisite number of faculty members, striving to incorporate excellence in theory and practice. A team of dynamic, dedicated, well qualified and experienced academicians such as Professors, Associate Professors, Assistant Professors & Senior faculty with vast research experience are available in our departments. Apart from that the visiting faculty has been incorporated from various prestigious universities to enrich the students' knowledge base.

### About the seminar:

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

## **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'B' Grade.

About Computer Science Department:

A separate section for Computer Science Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members. The Computer Science Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

About the Program:

ICT skills help us to communicate, run our business and stay connected with our family and friends. Hence, every person needs to acquire ICT skills and build them to stay updated with the latest software and applications (apps), knowing how to browse the Internet for collecting, storing and disseminating information. Data Science Using Python are most advanced and leading technologies.

## About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

About Computer science Department:

A separate section for Computer Science Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members. The Computer Science Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

About the Program:

ICT skills help us to communicate, run our business and stay connected with our family and friends. Hence, every person needs to acquire ICT skills and build them to stay updated with the latest software and applications (apps), knowing how to browse the Internet for collecting, storing and disseminating information.

**About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd.No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidhvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

About Computer science Department:

A separate section for Computer Science Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members. The Computer Science Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

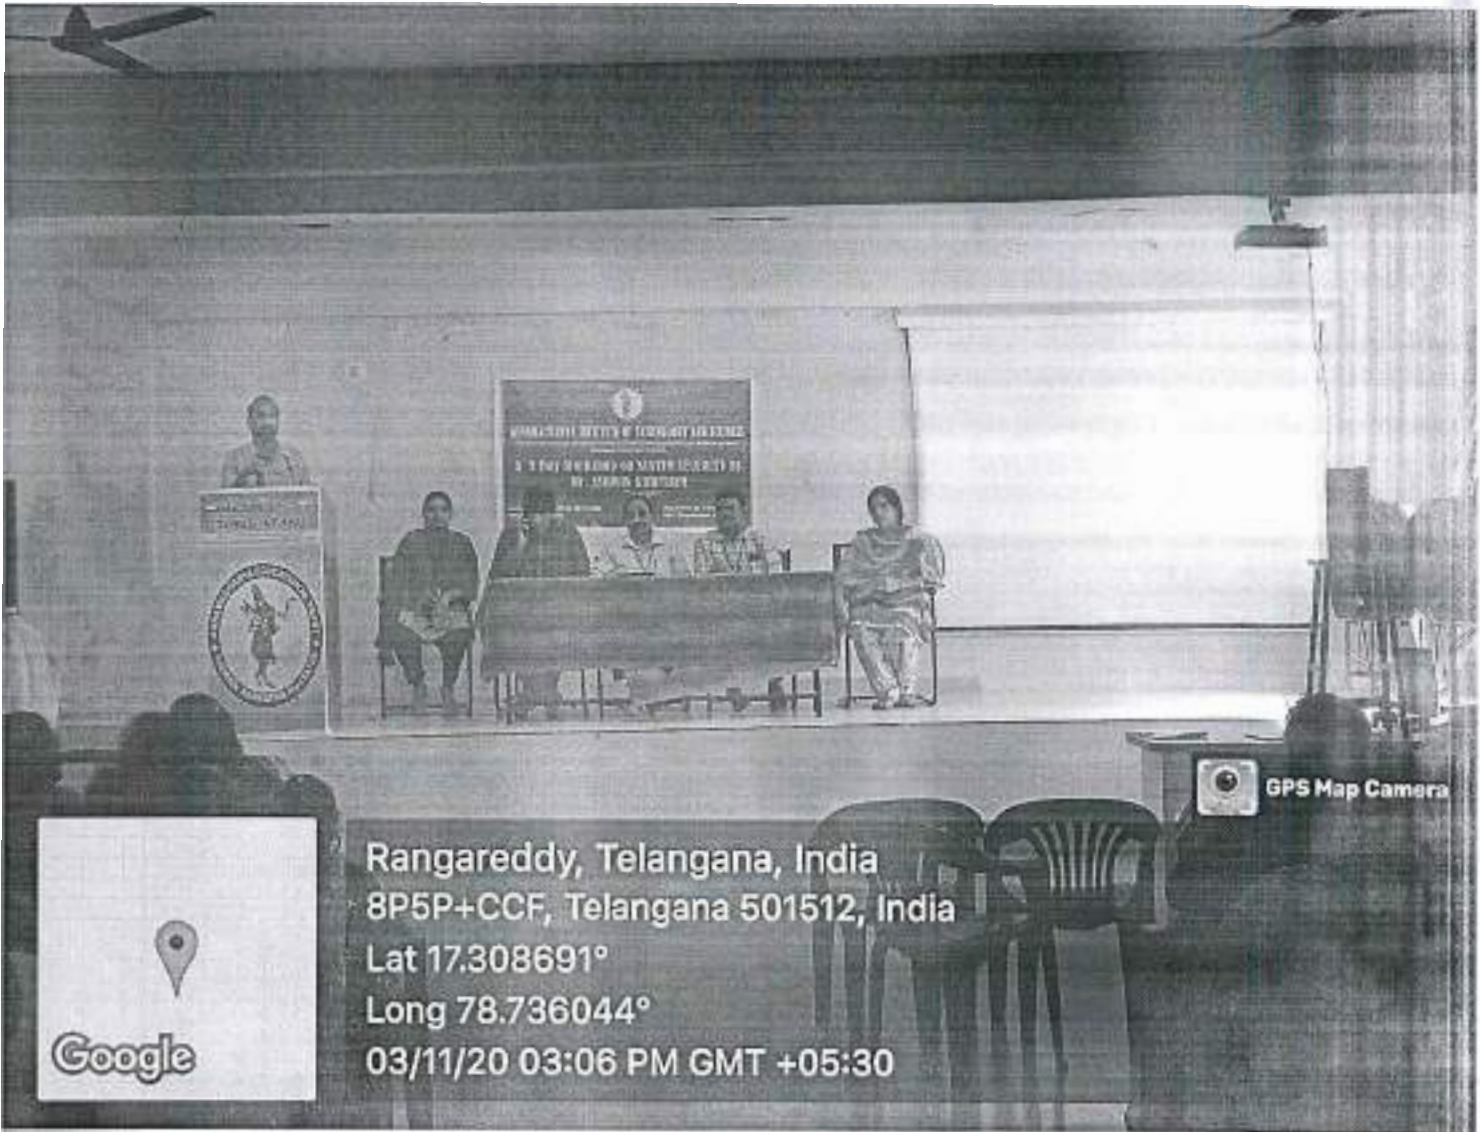

About the Program:

ICT skills help us to communicate, run our business and stay connected with our family and friends. Hence, every person needs to acquire ICT skills and build them to stay updated with the latest software and applications (apps), knowing how to browse the Internet for collecting, storing and disseminating information.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd.No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidvan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All Indian Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

About Electronics and Communication Engineering Department:

A separate section for Electronics and Communication Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

The Electronics and Communication Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

About the Program:

Network configuration is the process of setting a network's controls, flow and operation to support the network communication of an organization and/or network owner. This broad term incorporates multiple configuration and setup processes on network hardware, software and other supporting devices and components.

## About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'B' Grade.

About Electronics and Communication Engineering Department:

A separate section for Electronics and Communication Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well-qualified, experienced and dedicated staff members.

The Electronics and Communication Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

About the Program:

Digital data is all user data that a computer or other technological devices understand. Users can store and transmit digital data using various digital storage and communication technologies, such as hard drives, solid-state drives, USB drives, the internet, and wireless networks. In computing, data is information that has been translated into a form that is efficient for movement or processing.

## DESCRIPTION

An ICT/Computing skills training program for **Digital Data Computering** skills was developed by Dr. Shaik Mahaboob basha, Asso. prof, Geetanjali institute of science and technology, Nellore, on September 11, 2020. Electronics and communication and Engineering students show great interest in the program and learn so many new things in the field of computing skills. Digital data is *all user data that a computer or other technological devices understand*. The binary system represents this data with 0s and 1s, and it encodes into text, video, or audio information. Users can store and transmit digital data using various digital storage and communication technologies, such as hard drives, solid-state drives, USB drives, the internet, and wireless networks. In computing, data is *information that has been translated into a form that is efficient for movement or processing*. Relative to today's computers and transmission media, data is information converted into binary digital form

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team, and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students who are willing to participate in the workshop must and should have 80% of attendance, then only they will get a certificate.

### **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd.No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with then oblation of providing professional, and higher education to the students coming from back ward rural areas of Rayalaseema. "Vidwan Sarvatra Pujya the" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f)& 12(B), Accredited by NAAC with 'A' Grade.

### **About Mechanical Department:**

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified experienced and dedicated staff members. The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

### **About the seminar:**

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have 80% of attendance, then only he will get certificate.

## **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its headquarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the noble intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. “**Vidhvan Sarvatra Pujyathe**” The word is part of a Sanskrit shloka and means “a scholar is respected all over the world.” The institute approved by All Indian Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with ‘A’ Grade.

## **About Civil Department:**

The AITS Hyderabad, Department of Civil Engineering was established in the academic year 2011, with an annual intake of 40 students. The number of students further went up to 120 in the year 2013. The Department has requisite number of faculty members, striving to incorporate excellence in theory and practice. A team of dynamic, dedicated, well qualified and experienced academicians such as Professors, Associate Professors, Assistant Professors & Senior faculty with vast research experience are available in our departments. Apart from that the visiting faculty has been incorporated from various prestigious universities to enrich the students’ knowledge base.

## **DEPARTMENT OF CIVIL ENGINEERING**

### **Workshop on ET ABS Software**

## **About the seminar:**

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

**SPEAKER:** Mr.B.Mahesh, Assistant Professor, Civil Engineering, Vignan Institute of Engineering and Technology, Hyderabad.

## Workshop on Advance Surveying Techniques

### About the seminar:

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting scheduled activities to the real situation. The students those who are willing to participate in the workshop must and should have **80% of attendance**, then only he will get certificate.

## **About AITS:**

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its head quarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

### **About Mechanical Department:**

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

### **About the seminar :**

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting schedule activities to the real situation. The students those who are willing to participate in the workshop must and should have 80% of attendance, then only he will get certificate.

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its head quarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

About Mechanical Department:

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

About the seminar :

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting schedule activities to the real situation. The students those who are willing to participate in the workshop must and should have 80% of attendance, then only he will get certificate.

options available A decision support system is an informational application as opposed to an operational application. Informational applications provide users with relevant information based on a variety of data sources to support better-informed decision-making. Operational applications, by contrast, record the details of business transactions, including the data required for the decision-support needs of a business.

## ANNAMACHARYA INSTITUTE OF TECHNOLOGY & SCIENCE

### About AITS:

Annamacharya Educational Trust was registered in the year 1997 with Regd. No. 135/IV/97 with its head quarters in Hyderabad, by a group of highly educated and service-minded individuals. The founders started the trust with the intention of providing professional, and higher education to the students coming from backward rural areas of Rayalaseema. "Vidwan Sarvatra Pujyathe" The word is part of a Sanskrit shloka and means "a scholar is respected all over the world." The institute approved by All India Council for Technical Education (AICTE), New Delhi, Permanent affiliation from JNTUH, recognized by UGC under 2(f) & 12(B), Accredited by NAAC with 'A' Grade.

### About Mechanical Department:

A separate section for Mechanical Engineering was introduced in the year 2010, at AITS Hyderabad. However, what started as a small-scale academic unit has now grown to be a full-fledged department with well qualified, experienced and dedicated staff members.

The Mechanical Engineering department also boasts of an excellent infrastructure facilitating for training the students on and about the latest technologies. The department also has modern laboratories, with sophisticated equipment for training students, and also houses a largely spaced central library donned with several books.

### About the seminar :

Development of innovative solutions at the construction site: the adoption of a technological or organizational advance requires the commitment of the whole organization, the innovation team and the wider construction site team. The company must allocate the human and material resources necessary to deliver the innovation. This stage is essential, since it involves adjusting schedule activities to the real situation. The students those who are willing to participate in the workshop must and should have 80% of attendance, then only he will get certificate.
