Sub: Permission to conduct IPR on "IPR IN INDIA"

Respected sir,

I'm writing to request permission to conduct the IPR on IPR IN INDIA and duration is Two days. Conducted by Department of Electrical and Electronics Engineering and taught by academicians. It will be held on 09.11.2022 to 10.11.2022 at the AITS. The IPR of primary interest to students and faculties and it covers under the IPR IN INDIA subject of known gaps/Content beyond syllabus/Add on course in the curriculum. This IPR focuses on IPR IN INDIA. Students and faculties will be exposed to many real-world applications for this seminar.

I think this IPR is an outstanding value, considering how concentrated it is with time. Thank you in advance for considering this opportunity for me to conduct this seminar. Here am attaching the details of the program.

I look forward to hearing a positive response to my request.

Thanking you

Sincerely,

ABOUT WORKSHOP

Introduction: Intellectual property (IP) is a term referring to a brand, invention, design or other kind of creation, which a person or business has legal rights over. Almost all businesses own some form of IP, which could be a business asset. India is one of the UKs priority overseas markets. If you plan to do business in India, or if you are already trading there, it is essential to know how to use, guard and enforce the rights you have over the intellectual property (IP) that you or your business own.

This guide explains about IP in general, and gives guidance on how to apply these principles in the Indian market. It describes the issues you may face with IP infringement in India, offers advice on how you can effectively tackle these, and provides links to sources of further help.

Objectives of the Workshop:

- Awareness on Intellectual Property Rights and Patents.
- Academic and industrial research perspective, and IPR.
- Innovative steps to Quality and Success.
- Protecting and exploring IPRs.

PRINCIPAL
Annamacharya Institute of
Technology & Sciences
Piglipur (V), Batasingaram (Post)
Adullapurmet (M), R.R. Dist. HYD-501 512.

Theme of the Workshop:

The workshop focuses on following topics:

- Think about the design of your product, and how easy it would be for somebody to reproduce it without seeing your original.
- Also make sure you educate our employees on IP rights and Protection, Tooling, Samples, Machinery.
- Make sure there are no 'leakages' of packaging that might be used by counterfeiters to pass off fake product.
- Check production over-runs to make sure that genuine product is not being sold under a different name.

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the auspices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is Situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, EEE, CSE and MBA under the JNTUH.

Objective of the Workshop:

Intellectual property is the area of law that deals with protecting the rights of those who create original works. It covers everything from original plays and novels to inventions and company identification marks. The purpose of intellectual property laws is to encourage new technologies, artistic expressions and inventions while promoting economic growth. When individuals know that their creative work will be protected and that they can benefit from their labour, they are more likely to continue to produce things that create jobs, develop new technology, make processes more efficient, and create beauty in the world around us.

A Three day Workshop on "File Sharing and copyrights-Extensive case studies" (21-07-2022 to 23-07-2022)

Resource Person:

1. Dr.Venkat Reddy Donthi Reddy

Dr.Venkat Reddy D, an Ex member of the Indian Air force, is the founding partner and the guiding force of this firm. He is well-known personality in the field of Intellectual property Related matters and constitutional Law.He is also a guest faculty in Osmania university, Hyderabad and central university,NALSAR,JNTU Kakinada,CDTS(central Detective Training School).ICSI chapter of Hyderabad and other educational institutions spread over India which stand as evidence for his unremitting passion for teaching. He is a member of International Trademark Association (INTA), Vice president of International Association for Protection of Intellectual Property (AIPPI-Indian group).He is a life member of the Federation of Telangana and Andhra Pradesh Chambers of commerce and Industries (FTAPCCI) and is a life member of the National Institute for Human Resource Development. Dr.Reddy holds a doctorate in Trademark Law from Osmania University.

Qualifications:

- Diploma in Chemical Engineering
- Diploma in Electronic Engineering
- M.A(public Administration)
- LL.M(Jurisprudence)
- PGDHRD
- PGDCL & IPR
- PGDADR
- Ph.D. in Trademark Law

Areas of Interest:

Intellectual property rights and related rights, Mines and geology, Constitutional Law, Civil and Criminal Matters.

Areas of Expertise:

IPR Litigation in trial courts, various High Courts and Supreme Court of India, Mines and related cases, Constitutional matters and matrimonial related matters in various High courts.

2. Guttha Venkatapathi Rao

Rtd.Associate Director & Director CPDC, Advanced Systems Laboratory,
DRDO, Hyderabad.

Research Projects handled

- Research and Development leading to product ionization of Military equipment and stores
- Construction Equipment/air Compressors and power generators at R&D Engrs., Pune. Standardized the complete range of air compressors in Armed forces. Developed and product ionized cable winding & dispensing machines for Army Signal Engineers
- Parachutes and recovery systems at ADRDE, Agra. Developed Brake parachutes for MIG & Su-7 aircrafts and led to production
- Advanced Composite Materials and products for Guided Missiles, Military aircraft, Wind Turbine Generators, Othotic and prosthetic Appliances for physically handicapped at DRDL and CPDC. More than 40 varieties of composite products were designed, developed and productonized.
- Conceived, planned, established, commissioned and managed a state-of-art Composite Facility named "Composite Product Development Centre (CPDC)", which is now meeting the needs of the Indian Missile Programme.
- Visiting faculty member at Institute of Armament Technology, Pune. Institute of Technology Management, Mussourie and regular Faculty member for training courses organized for the benefit if armed forces officers on stores preservation and packaging at DMSRDE.
- Conducted Continuing Education Programmers on Composites Technology for the Scientists of DRDO, involving academicians from IITs and R&D institutions as Resource Persons.
- Member Secretary for TIFAC-RCI Programme Management Board under the chairmanship of Dr. kalam, for the commercialization of home grown composite technologies. Configured a National Advanced Composites Mission interfacing DRDO and Industry. Carried out a market survey on Business opportunities for composites.
- Brought out a Composite Product Design Manual in association with Prof. K.A.V. Pandalai (IIT. Chennai)

Summary

A three day workshop on "File Sharing and copyrights-Extensive case studies" in association with RVR Associates Hyderabad, organized at Annamacharya Institute of Technology and science from 21-07-2022 to 23-07-2022

Annamacharya Institute of Technology and science in collaboration with RVR Associates had arranged three-day workshop for budding IPR. The main Speakers of the expert talk were Dr.Venkat Reddy Donthi Reddy-managing Partner, from RVR Associates, Hyderabad. The Program started with the speech of Mr.C.Abhishek Reddy, Executive Director of Annamacharya Institute of Technology and Science, telling the faculties about importance of file sharing and copyrights. Organizing committee would like to thank AITH management for their support.

The Expert talk was an inclusion of participate learning and live examples, which has given better exposure to the participants Dr.R.Ramesh Reddy and Dr.B.Sathish were the core committee members for this workshop. The total number of participants from Annamacharya Institute of Technology and science were more than 70.All the faculties were very happy and expecting more workshops like this in future.

Program Name:

"File sharing & Copy Rights - Extensive case Studies" Date: 23/7/2022

Venue: AITS

Resource Person: Dr. Venkat Reddy

Participant Name: B. Ajay Kumar

Designation & Department: EEE dept.

INSTRUCTIONS

Please circle your response to the items. Rate aspects of the program on a 1 to 5 scale:

1 = Strongly Disagree 2 = Disagree 3 = Neither Agree nor Disagree 4 = Agree

5 = Strongly Agree

PROGRAM CONTENT

- | | | | | | | |
|----|--|---|---|---|---|---|
| 1. | I was well informed about the objectives of this program | 1 | 2 | 3 | 4 | 5 |
| 2. | This program was up to my expectations | 1 | 2 | 3 | 4 | 5 |
| 3. | This content is relevant to my nature of job | 1 | 2 | 3 | 4 | 5 |

PROGRAM DESIGN

- | | | | | | | |
|----|---|---|---|---|---|---|
| 4. | The program objectives were clear to me | 1 | 2 | 3 | 4 | 5 |
| 5. | The program activities stimulated my learning | 1 | 2 | 3 | 4 | 5 |
| 6. | The activities in this program gave me sufficient information | 1 | 2 | 3 | 4 | 5 |

PROGRAM INSTRUCTOR

- | | | | | | | |
|----|----------------------------------|---|---|---|---|---|
| 7. | The instructor was well prepared | 1 | 2 | 3 | 4 | 5 |
| 8. | The instructor was helpful | 1 | 2 | 3 | 4 | 5 |

PROGRAM RESULTS

9. I accomplished (skill upgrade) the objectives of this program. 1 2 3 4 5
10. I will be able to use what I learned in this program 1 2 3 4 5

SELF-PACED DELIVERY

11. The program was an opportunity and good way for me to Learn this content 1 2 3 4 5
12. How would you improve this program? (Tick all that apply)
- 1.Can provide better information before the program
 - 2.Can clarify the program objectives
 - 3.Can reduce the content covered in the program
 - 4.Can increase the content covered in the program
 - 5.Can make the program activities more stimulating

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS are situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has fully fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE (ES,ECE),CSE and MBA under the JNTU.

About Workshop:

File sharing is the practice of sharing of offering access to digital information or resources including documents, multimedia (audio/video), Graphics, computer programs, images and e-books. It is the private or public distribution of data or resources in a network with different levels of sharing privileges.

Copyright is a key issue in Intellectual property rights (IPR) in digital era. Though the term "copyrights" is not new, the modern technology brought in great importance to intellectual property and copyright in particular, which has cropped up in new concepts such as computer programs, computer database, computer layouts, websites etc.

File sharing can be done using several methods. The most common techniques for file storage, distribution and transmission include

- Removable Storage devices.
- Distributed peer-to-peer networks

Mission:

To Provide strong foundations, facilitates in an excellent academic environment, conductive learning.

To implement learning centered teaching practices and deliver industry ready students with professional ethics, concern for environmental safety & awareness of societal problems in the design-production cycle.

Vision:

"To evolve into a centre of excellence in science & technology through creative and innovative practices in teaching-learning, promoting academic achievement & research excellence to produce internationally accepted competitive and words class professionals who are psychologically strong and emotionally balanced imbued with social consciousness and ethical values"

Professional Details

Name : Adithya Nimmagadda
Designation : Assistant Manager
Experience : 6Years (August 2012-Present)
Company : Hyundai Motor India Engineering Private Limited
Team : Infotainment development-Electronics engineering Department

Project Details

1. **Antenna Development & RF Reception, Tuning:** Localized cost-effective antenna development for Indian market without negotiating about receiving quality, Improve design of antenna for reduction of weight. RF Tuning to local specific Radio infrastructure by varying DSP parameters within the defined test course. A detail test course development for testing with different test course conditions.

Responsibilities: Detailed test course for India developed. In antenna developed had a major role in CAD Designing of Antenna. Lead Test Engineer in testing of antenna & tuning the infotainment radio (DSP parameters) according to local receiving power conditions, infrastructure designed.

Duration : January 2013 to August 2016

Role : Group Engineer for testing & tuning

2. **DRM(Digital Radio Mondiale) development:** DRM is a technology initiation from Govt.of India for digital India, where AM(analog) is transforming to DRM(digital)

Responsibilities: New Receiver developed for car Infotainment systems which are adaptable to current transmission. Detail Specification developed for functionality of receiver. Test process and course development for DRM Reception Check for receiving quality improvement.

Duration : October 2013 to December 2016

Role : Project Lead

3. **Hyundai iblue (smart phone remote control Application) Development:** It is Smart phone application used by co-passengers for controlling infotainment functions through Bluetooth.

Responsibilities: Android & IOS application code developed with maintaining guidelines. Infotainment system Bluetooth stack is configured, new protocol designed for communication between Smartphone apps, infotainment system. Functional Specification of smart phone app is developed. Menu Tree designed for the App functionality.

Duration : October 2016 to current

Skills Used : Android Studio & Xamarin

Role : Project Lead

4. **Infotainment GUI Development based on Indian preferences:** Design of Infotainment System UI based on the Indian preferences and traditional practices. Effective flow depth or menu flow design of the infotainment system for improving customer convenience.

Responsibilities: Surveyed on Indian preferences like arts, textiles city architecture, paintings etc and drawn inferences like color palette, texture patterns, and Analyzed improvement points in the existing design of UI. New menu flow and information architecture is designed considering the driving conditions, comfort for customer. Designed the simulated model of UI using Qt.

Duration : November 2016 to December 2017

Skills Used : Qt, Adobe Photoshop, Adobe Illustrator.

Role : project Lead

5. **Infotainment Functionality Quality validation:** Validate infotainment system functionality based on the electronic and functionality specifications. Validation is done specialized equipments along with the simulated vehicle signals in test bench. Validate the system functionality to improvise the specifications as per the local market.

Responsibilities: Testing the infotainment systems from proto to SOP stage and reduced the issues. In total supported for 3 different platforms for quality improvement till the date.

Adopted many suggestions as per the Indian customer usage comfort.

Duration : January 2013 to current

Skills Used : Macro codes of C language for vehicle signal simulation

Role : Group Validation Engineer.

SUMMARY REPORT

A 5-Days workshop on "Enforcement of Intellectual Property Rights and Competition Policy, organized at Annamacharya Institute of Technology and Sciences from 02/11/2021 to 06/11/2021

Annamacharya Institute of Technology and Sciences had arranged 5 days workshop for budding IPR. The main Speaker of the Expert talk was by P.Madhava Rao, Advocate, Warangal, P Shiva Kumar, Malkajigiri, Hyderabad and Aditya, Hyundai. The program started with the speech of Dr.G.Durga Sukumar, Principal of Annamacharya Institute of Technology and Sciences, telling the faculties about importance of Competition Policy. Organizing committee would like to thank AITH Management for their support.

The Expert talk was an inclusion of participative learning and case studies would have given better exposure to the participants. V.Ramakrishna HOD is the core committee member for this workshop. The total number of participants from Annamacharya Institute of Technology and Sciences were more than 30. All the faculties were very happy and learned many things expecting more workshops like this in future.

ABOUT WORKSHOP

Intellectual Property (IP) allows consumers to make choices between competing entrepreneurs, and the goods and services they sell. Therefore, IP is inherently pro-competitive as it ensures the protection of differentiated, intangible business assets. Without IP, less efficient manufacturers and service providers would try to lure clients by copying the goods and services of more efficient competitors. The latter would lose any incentive to improve or to offer new products and services. Society as a whole would lose. But IP only perform that crucial role of ensuring competition when it protects genuine differences.

IP in the right dosage: It is inherently pro-competitive but sometimes IP in the right dosage can generate an embarrassment to consumer right of free choice. This happens when IP rights are abused, or used in a way contrary to the objectives of the law. It may also happen that IP in the right dosage can be associated with certain circumstances that make it difficult, impossible and inconvenient for competitors to seek alternative ways of attracting consumers. For example, when patented technologies become industrial standards, or when the obtaining of test data implies the risk to the health and well being of humans and animals.

COURSE CONTENTS

- Protection of Intellectual property rights
- Competition law
- Enforcement approaches intellectual property rights
- Antitrust policy
- Cross-licensing
- Refusal to license
- Patent pools
- Tying
- Patent litigation more..
- Interaction

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS are situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has fully fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE (ES,ECE),CSE and MBA under the JNTU.

Mission:

To Provide strong foundations, facilitates in an excellent academic environment, conductive learning. To implement learning centered teaching practices and deliver industry ready students with professional ethics, concern for environmental safety & awareness of societal problems in the design-production cycle.

Summary

A three day workshop on "challenge on copyrights and cyberspaces " in association with Cyient Limited Hyderabad, organized at Annamacharya Institute of Technology and science from 03-11-2020 to 05-11-2020

Annamacharya Institute of Technology and science in collaboration with Cyient Limited had arranged three-day workshop for budding IPR. The main Speakers of the expert talk were **G.Naveen kumar, IPR Analyst from Cyient Limited Hyderabad and Ms.Dechakka Chengappa S,Patent Analyst from ipMetrix Bangalore.** The Program started with the speech of Dr.G.Durga Sukumar, Principal of Annamacharya Institute of Technology and Science, telling the faculties about importance of copyrights. Organizing committee would like to thank AITH management for their support.

The Expert talk was an inclusion of participate learning and case studies, which has given better exposure to the participants Dr.K.Chandra Shekar and Professor N.Leela Prasad were the core committee members for this workshop. The total number of participants from Annamacharya Institute of Technology and science were more than 100.All the faculties were very happy and expecting more workshops like this in future.

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS are situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has fully fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE (ES,ECE),CSE and MBA under the JNTU.

About Workshop:

Copyright is a key issue in Intellectual property rights (IPR) in digital era. Though the term “copyrights” is not new, the modern technology brought in great importance to intellectual property and copyright in particular, which has cropped up in new concepts such as computer programs, computer database, computer layouts, websites etc.

A great care is taken to trace out the linkage between copyright and cyberspace, by taking the readers to have glimpse of a database history, software nuances, which establish a ground reality upon this topic and clinches the issues with no iota of doubts anymore

SUMMARY REPORT

A 3-day workshop on "PCT Procedures for Intellectual Property Rights", Organised at Annamacharya Institute of Technology and Science from 25/12/2020 to 27/12/2020.

During the workshop the speaker is specifically introduced the key intellectual property(IP) Concepts and terminology, and focused on patenting routed procedures and also given the information about the different types of IPR, including what can be protected and why companies are interested in protection.

In the second day speaker talks about administrative aspects of patents. And in the Third day discussed about the various patenting routes, the patent application procedure and the role of IP Administrators in the procedure.

ABOUT WORKSHOP

Intellectual Property (IP) allows consumers to make choices between competing entrepreneurs, and the goods and services they sell. Therefore, IP is inherently pro-competitive as it ensures the protection of differentiated, intangible business assets. Without IP, less efficient manufacturers and service providers would try to lure clients by copying the goods and services of more efficient competitors. The latter would lose any incentive to improve or to offer new products and services. Society as a whole would lose. But IP only perform that crucial role of ensuring competition when it protects genuine differences.

IP in the right dosage: It is inherently pro-competitive but sometimes IP in the right dosage can generate an embarrassment to consumer right of free choice. This happens when IP rights are abused, or used in a way contrary to the objectives of the law. It may also happen that IP in the right dosage can be associated with certain circumstances that make it difficult, impossible and inconvenient for competitors to seek alternative ways of attracting consumers. For example, when patented technologies become industrial standards, or when the obtaining of test data implies the risk to the health and well being of humans and animals.

COURSE CONTENTS

- Protection of Intellectual property rights
- Competition law
- Enforcement approaches intellectual property rights
- Antitrust policy
- Cross-licensing
- Refusal to license
- Patent pools
- Tying
- Patent litigation more..
- Interaction

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS are situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has fully fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE (ES,ECE),CSE and MBA under the JNTU.

Mission:

To Provide strong foundations, facilitates in an excellent academic environment, conductive learning. To implement learning centered teaching practices and deliver industry ready students with professional ethics, concern for environmental safety & awareness of societal problems in the design-production cycle.

Sub: Permission to conduct Seminar on Does IPR have Gender

Respected sir,

I'm writing to request permission to conduct the Seminar on Does IPR have Gender and duration is one day. Conducted by Department of CSE and taught by academicians. It will be held on 10.04.2021 at the AITS. The Seminar on trademarks and geographical indication, interest to students and faculties and it covers under the subject of known gaps/Content beyond syllabus/Add on course in the curriculum. Students and faculties will be exposed to many real-world applications for this seminar.

I think this seminar is an outstanding value, considering how concentrated it is with time. Thank you in advance for considering this opportunity for me to conduct this seminar. Here am attaching the details of the program.

I look forward to hearing a positive response to my request.

Thanking you

Sincerely,

ABOUT WORKSHOP

Human innovation and creativity are the engines of progress. Since the beginning of time, female and male innovators and creators from all walks of life have transformed our world through the power of their imagination and ingenuity. However, some groups remain severely under-represented in many areas of intellectual property (IP) use. Their innovative potential is underutilized at a time when we need the widest possible range of talents is needed to solve the pressing problems facing humanity

Objectives of the workshop:

- Recognizes that the equal participation of women and men in the innovation ecosystem
- We are committed to promoting gender equality and diversity within our own Organization and work systematically to mainstream gender considerations across all areas of our work program.

IPR FEEDBACK FORM

Program Name: Does IPR have Gender-2021 Date: 10/4/2021
Venue: AIYC
Resource Person: Mr. K. Shankar Babu

Participant Name: G. Gung
Designation & Department: CSE

INSTRUCTIONS

Please circle your response to the items. Rate aspects of the program on a 1 to 5 scale:

1 = Strongly Disagree 2= Disagree 3=Neither Agree nor Disagree 4 = Agree
5= Strongly Agree

PROGRAM CONTENT

- | | | | | | | |
|----|--|---|---|---|-----|-----|
| 1. | I was well informed about the objectives of this program | 1 | 2 | 3 | 4 | 5 ✓ |
| 2. | This program was up to my expectations | 1 | 2 | 3 | 4 ✓ | 5 |
| 3. | This content is relevant to my nature of job | 1 | 2 | 3 | 4 ✓ | 5 |

PROGRAM DESIGN

- | | | | | | | |
|----|---|---|---|-----|-----|-----|
| 4. | The program objectives were clear to me | 1 | 2 | 3 | 4 | 5 ✓ |
| 5. | The program activities stimulated my learning | 1 | 2 | 3 | 4 ✓ | 5 |
| 6. | The activities in this program gave me sufficient information | 1 | 2 | 3 ✓ | 4 | 5 |

PROGRAM INSTRUCTOR

- | | | | | | | |
|----|----------------------------------|---|---|-----|-----|---|
| 7. | The instructor was well prepared | 1 | 2 | 3 | 4 ✓ | 5 |
| 8. | The instructor was helpful | 1 | 2 | 3 ✓ | 4 | 5 |

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the auspices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonymous with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is Situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, EEE, CSE and MBA under the JNTUH.

Objective of the Workshop:

Human innovation and creativity are the engines of progress. Since the beginning of time, female and male innovators and creators from all walks of life have transformed our world through the power of their imagination and ingenuity. However, some groups remain severely under-represented in many areas of intellectual property (IP) use. Their innovative potential is underutilized at a time when we need the widest possible range of talents is needed to solve the pressing problems facing humanity

Sir

Sub: Permission for conducting a workshop on "Protecting Innovations- The Bright side of Patents"

We are planning to conduct a Three day workshop from 27th June 2019 to 29th June 2019. **Dr TV. Narayan Rao, Professor, CSE Department, Gurunank engineering college and M.Gnanewer Reddy, Asst.Professor, ANU** agreed to be the resource persons. So, we request you to permit for conducting the workshop.

Thanking you

Yours faithfully

ABOUT WORKSHOP

Motivated by concerns that the patent system is hindering innovation, particularly for small inventors, this study investigates the bright side of patents. We examine whether patents help startups grow and succeed using detailed micro data on all patent applications filed by startups at the U.S. Patent and Trademark Office (USPTO) since 2001 and approved or rejected before 2014. We leverage the fact that patent applications are assigned quasi-randomly to USPTO examiners and instrument for the probability that an application is approved with individual examiner's historical approval rates. We find that patent approvals help startups create jobs, grow their sales, innovate, and reward their investors. Exogenous delays in the patent examination process significantly reduce firm growth, job creation, and innovation, even when a firm's patent application is eventually approved. Our results suggest that patents act as a catalyst that sets startups on a growth path by facilitating their access to capital. Proposals for patent reform should consider these benefits of patents alongside their potential costs.

1. The Patents (Amendment) Act, 1999 to amend the patents act of 1970 that provides for establishment of a mailbox system to file patents and accords exclusive marketing rights for five years.

2. The Trade marks Act, 1999 which replaced the Trade and Merchandise ACT, 1958
3. The Copyrights (Amendment) Act, 1999.
4. A sui generis legislation for the protection of geographical indications called the Geographical Indications of Goods (Registration and protection) Act, 1999.
5. The Industrial Designs Act, 2000 which replaced the Designs act, 1911.
6. The patents (Second Amendment), 1999 further to amend the patents Act, 1970.

This was a beginning of a new era in the field of Intellectual property. To streamline and strengthen the Intellectual property administration system in the country the government has taken several measures. Projects relating to the modernization of patent information services and trademarks registry have been implemented with the help from WIPO/UNDP.

SEMINOR FEEDBACK FORM

Program Name: *Protecting Innovations - The Bright Side of Patents* Date: *29/6/19*
Venue: *AITIS*
Resource Person: *Ms. S. Shekhar*
Participant Name: *V. Anusha*
Designation & Department: *CSE Dept.*

INSTRUCTIONS

Please circle your response to the items. Rate aspects of the program on a 1 to 5 scale:
1 = Strongly Disagree 2 = Disagree 3 = Neither Agree nor Disagree 4 = Agree
5 = Strongly Agree

PROGRAM CONTENT

- | | | | | | | |
|----|--|---|---|---|---|---|
| 1. | I was well informed about the objectives of this program | 1 | 2 | 3 | 4 | 5 |
| 2. | This program was up to my expectations | 1 | 2 | 3 | 4 | 5 |
| 3. | This content is relevant to my nature of job | 1 | 2 | 3 | 4 | 5 |

PROGRAM DESIGN

- | | | | | | | |
|----|---|---|---|---|---|---|
| 4. | The program objectives were clear to me | 1 | 2 | 3 | 4 | 5 |
| 5. | The program activities stimulated my learning | 1 | 2 | 3 | 4 | 5 |
| 6. | The activities in this program gave me sufficient information | 1 | 2 | 3 | 4 | 5 |

PROGRAM INSTRUCTOR

- | | | | | | | |
|----|----------------------------------|---|---|---|---|---|
| 7. | The instructor was well prepared | 1 | 2 | 3 | 4 | 5 |
| 8. | The instructor was helpful | 1 | 2 | 3 | 4 | 5 |

PROGRAM RESULTS

9. I accomplished (skill upgrade) the objectives of this program. 1 2 3 4 5
10. I will be able to use what I learned in this program 1 2 3 4 5

SELF-PACED DELIVERY

11. The program was an opportunity and good way for me to Learn this content 1 2 3 4 5
12. How would you improve this program? (Tick all that apply)
- 1.Can provide better information before the program
 - 2.Can clarify the program objectives
 - 3.Can reduce the content covered in the program
 - 4.Can increase the content covered in the program
 - 5.Can make the program activities more stimulating

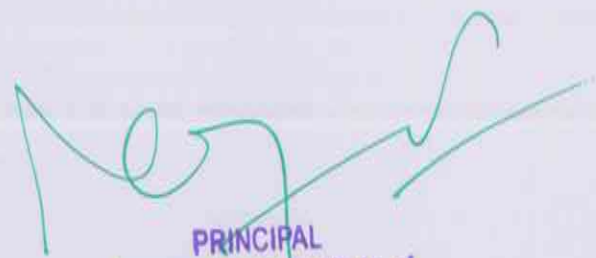

Suggestion if any

On

Protecting Innovations-The Bright side of patents
(27-06-2019 to 29-06-2019)

Organizing Secretary:

Mr. V.Ramesh babu
HOD Dept of CSE

Organized by

ANNAMACHARYA INSTITUTE OF
TECHNOLOGY & SCIENCES
Hyderabad

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the auspices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonymous with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is SITUATED NEAR THE World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, ES(ECE), CSE and MBA under the JNTU.

Objective Of The Workshop:

Motivated by concerns that the patent system is hindering innovation, particularly for small inventors, this study investigates the bright side of patents. We examine whether patents help startups grow and succeed using detailed micro data on all patent applications filed by startups at the U.S. Patent and Trademark Office (USPTO) since 2001 and approved or rejected before 2014. We find that patent approvals help startups create jobs, grow their sales, innovate, and reward their investors. Exogenous delays in the patent examination process significantly reduce firm growth, job creation, and innovation, even when a firm's patent application is eventually approved. Our results suggest that patents act as a catalyst that sets startups on a growth path by facilitating their access to capital

Sub: Permission to conduct IPR on "Trade Mark protection"

Respected sir,

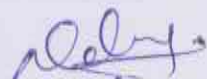

I'm writing to request permission to conduct the IPR on Trade Mark protection and duration is Two days. Conducted by Department of Electrical and Electronics Engineering and taught by academicians. It will be held on 05.09.2019 to 06.09.2019 at the AITS. The IPR of primary interest to students and faculties and it covers under the Trade Mark protection subject of known gaps/Content beyond syllabus/Add on course in the curriculum. This IPR focuses on Trade Mark. Students and faculties will be exposed to many real-world applications for this seminar.

I think this IPR is an outstanding value, considering how concentrated it is with time. Thank you in advance for considering this opportunity for me to conduct this seminar. Here am attaching the details of the program.

I look forward to hearing a positive response to my request.

Thanking you

Sincerely,

Signature: 

Name: W. Naveen

Designation: Asst prof.

ABOUT WORKSHOP

A trademark is a sign capable of distinguishing the goods or services of one enterprise from those of other enterprises. Trademarks are protected by intellectual property rights. At the national/regional level, trademark protection can be obtained through registration, by filing an application for registration with the national/regional trademark office and paying the required fees. At the international level, you have two options: either you can file a trademark application with the trademark office of each country in which you are seeking protection

Objectives of the Workshop:

- The overall purpose of trademark law is to prevent unfair competition by protecting the use of a symbol, word, logo, slogan, design, domain name.
- Given the increased importance to brand equity.
- The exclusive right to use the claimed trademark

Theme of the Workshop:

The workshop focuses on following topics:

- Using the trademark symbol after a logo or phrase alerts competitors that you have claimed this symbol or phrase as your own, but you don't have to have even formally apply for it.
- Only trademarks that have been officially granted by the Trademark office can use the symbol, which stands for registered trademark.

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is Situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, EEE, CSE and MBA under the JNTUH.

Objective of the Workshop:

Intellectual property is the area of law that deals with protecting the rights of those who create original works. A trademark is a sign capable of distinguishing the goods or services of one enterprise from those of other enterprises. Trademarks are protected by intellectual property rights. At the national/regional level, trademark protection can be obtained through registration, by filing an application for registration with the national/regional trademark office and paying the required fees. At the international level, you have two options: either you can file a trademark application with the trademark office of each country in which you are seeking protection.

Sub:- Request for the conducting to an Workshop for B.Tech(EEE)
students and Resource Person Allocation – Reg.

Respected sir,

The Department of Electrical and Electronics Engineering is proposing to conduct an
Workshop for B.Tech. EEE II,III & IV year students from 11-02-2018 to 12-02-2018.

We request for your kind acceptance to conduct this program with the following
details.

Branch	Topic	Date	Time	Resource Persons
B.Tech (EEE) II,III & IV year	Electric Vehicles	11-02-2018 to 12-02-2018	10.00 am to 3.45 pm	N.BABU RAO

Thanking You Sir

SUMMARY REPORT

WORKSHOP

ON

Electric Vehicles (EEE-01)

The Workshop is successfully conducted at Brilliant Grammar School Educational Society's Group of Institutions, Abdullapurmet. The workshop was conducted from 11-02-2018 to 12-02-2018, at EEE department, for the Academic Year 2017-18. This workshop was conducted for all the B. Tech students of II,III & IV Year during the Academic Year 2018-19, from 10:00 AM to 03:45 PM daily on topic of "**Electric Vehicles (EEE-01)**" by the resource person Mr. **N.BABU RAO Assistant Professor & HOD EEE.** Total -150 students attended the workshop. Exam was conducted to the students on the last of the workshop and feedback was collected from them. It has a high impact to improve the skills that can help the student in their career. I thank all faculty and students of BRIG-IC, for their support to complete the workshop successfully and special thanks to the technical staff for their support. The detailed Brochure and photos are attached here with.

The outcome of the workshop Electric Vehicles was:

1. One of the main advantages of EVs is their positive impact on the environment. They produce zero emissions, which helps reduce air pollution and greenhouse gas emissions.
2. EVs are cheaper to operate and maintain compared to traditional gasoline-powered vehicles. They require less maintenance and have lower fuel costs.
3. EVs can help reduce dependence on foreign oil and enhance energy security by using domestically produced electricity.
4. By reducing air pollution, EVs can improve public health by reducing respiratory illnesses and other health problems associated with poor air quality.
5. Electric motors are much quieter than traditional engines, reducing noise pollution in urban areas.

Objective Exam Workshop FOR II YEAR A.Y: 2018-19

Electric Vehicles (Course Code:EE02)

Exam date:

Name: _____

H.T NO

Answer All Questions. All Questions Carry Equal Marks.
Min. Marks: 10

						A			
--	--	--	--	--	--	---	--	--	--

Time: 20

1. What is the primary objective of electric vehicles? ()
a) Reduce air pollution b) Increase fuel consumption c) Decrease battery life d) Increase carbon emissions
2. What is the primary advantage of electric vehicles over traditional gasoline vehicles? ()
a) Lower maintenance costs b) Higher fuel efficiency c) Better performance d) Lower purchase cost
3. Which type of battery is commonly used in electric vehicles? ()
a) Lead-acid battery b) Alkaline battery c) Lithium-ion battery d) Nickel-cadmium battery
4. What is the range of an average electric vehicle on a single charge? ()
a) 100-150 miles b) 200-250 miles c) 300-350 miles d) 400-450 miles
5. What is the charging time for an electric vehicle battery? ()
a) 1-2 hours b) 3-4 hours c) 5-6 hours d) 7-8 hours
6. Which country has the highest number of electric vehicles on the road? ()
a) China b) United States c) Norway d) Japan
7. What is the primary disadvantage of electric vehicles? ()
a) Limited range b) High maintenance costs c) Poor performance d) High purchase cost
8. What is the primary factor that determines the cost of an electric vehicle? ()
a) Battery size b) Performance c) Brand name d) Interior features
9. Which type of electric vehicle is best suited for long distance travel? ()
a) Battery electric vehicle b) Hybrid electric vehicle c) Plug-in hybrid electric vehicle d) Fuel cell electric vehicle
10. What is the approximate lifespan of an electric vehicle battery? ()
a) 2-3 years b) 5-7 years c) 10-12 years d) 15-20 years

Our Vision

To prepare graduates for a rapidly changing technological field and the faculty is to strive continuously in pursuit of excellence in education, research and train the students in a technically sound and challenging manner; to pursue professional careers and to solve problems relevant to the best industrial practice of Electrical and Electronics Engineering design

Our Mission

The Department of Electrical and Electronics Engineering provides a progressive environment for learning through systematic teaching methodologies, rigorous practical training and contemporary curriculum.

Actively engage and mentor students in scholarly and creative endeavors to develop the ability to navigate through a rapidly changing technology and society.

Faculty dedicate through excellence in teaching, exemplified by a free exchange of ideas, fostering new understandings through research and creativity.

OBJECTIVES

Electric vehicles use electricity to charge their batteries instead of using fossil fuels like petrol or diesel. Electric vehicles are more efficient, and that combined with the electricity cost means that charging an electric vehicle is cheaper than filling petrol or diesel for your travel requirements.

OUTCOMES

1. One of the main advantages of EVs is their positive impact on the environment. They produce zero emissions, which helps reduce air pollution and greenhouse gas emissions.
2. EVs are cheaper to operate and maintain compared to traditional gasoline-powered vehicles. They require less maintenance and have lower fuel costs.
3. EVs can help reduce dependence on foreign oil and enhance energy security by using domestically produced electricity.
4. By reducing air pollution, EVs can improve public health by reducing respiratory illnesses and other health problems associated with poor air quality.
5. Electric motors are much quieter than traditional engines, reducing noise pollution in urban areas.

ABOUT COLLEGE
ANNAMACHARYA INSTITUTE OF TECHNOLOGY AND SCIENCE is a highly reputed Institute established in 2005 with EAMCET Counseling Code AITH. The Annamacharya group turned a golden leaf with the icon of technical education in Telangana who steered the Engineering education onto the echelons of national and international corridors, a versatile, sagacious shree chopa ,ganga reddy an eminent and dynamic educationalist of our state, taking reigns as the Chairman of all the colleges Annamacharya Group of Technical Institutions

ABOUT THE DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING
Electrical Engineering is one of the branch oldest branches from time immemorial. The Department of Electrical and Electronics Engineering was started in 2006 with an intake of 60 students. The Department is equipped with latest equipment and experimental setups in the laboratories to help in teaching learning Process. The Electrical and Electronics Engineering graduates are groomed in subject knowledge like Electrical Machines, Power Electronics, power systems, control system, etc. and technical knowledge through coursework that is relevant to current technology; they develop the ability to synthesize and envisage solution to real time problems through their immersion in the problem based activities

ABOUT WORKSHOP

India is a member of almost all international conventions. The obligation of the member state arising out of the conventions can be enforced on the basis of reciprocity only. No right or obligation is enforceable unilaterally. Therefore to pass own laws on Intellectual property is in the interest of every country. In 1999, a considerate passage of major legislations with regard to protection of Intellectual property rights in harmony with international practices and in compliance with India's obligations under TRIPS. These include,

1. The Patents (Amendment) Act, 1999 to amend the patents act of 1970 that provides for establishment of a mailbox system to file patents and accords exclusive marketing rights for five years.
2. The Trade marks Act, 1999 which replaced the Trade and Merchandise ACT, 1958
3. The Copyrights (Amendment) Act, 1999.
4. A sui generis legislation for the protection of geographical indications called the Geographical Indications of Goods (Registration and protection) Act, 1999.
5. The Industrial Designs Act, 2000 which replaced the Designs act, 1911.
6. The patents (Second Amendment), 1999 further to amend the patents Act, 1970.

This was a beginning of a new era in the field of Intellectual property. To streamline and strengthen the Intellectual property administration system in the country the government has taken several measures. Projects relating to the modernization of patent information services and trademarks registry have been implemented with the help from WIPO/UNDP.

The government has implemented projects for upgrading of patent office's incorporating several components such as human resource development, recruiting additional examiners, infrastructure support and strengthening by the way of computerization and re-engineering work practices and eliminating backlog of patent applications, an amendment to the patent rules also was a notified to simplify the procedural aspects. The first Indian patent laws were first promulgated in 1856. From time to time these were modified. New patent laws Indian Patent Act 1970 were made after the independence. The Act has now been radically amended to become fully compliant with the provisions of TRIPS. The most recent amendment was made in 2005 which were preceded by the amendments in 2000 and 2003.

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005, is a fast growing technical institution in Andhra Pradesh under the auspices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonymous with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is SITUATED NEAR THE World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, ES(ECE), CSE and MBA under the JNTU.

Objective Of The Workshop:

India is a member of almost all international conventions. The obligation of the member state arising out of the conventions can be enforced on the basis of reciprocity only. No right or obligation is enforceable unilaterally. Therefore to pass own laws on Intellectual property is in the interest of every country. In 1999, a considerate passage of major legislations with regard to protection of Intellectual property rights in harmony with international practices and in compliance with India's obligations under TRIPS.

Sub: Permission to conduct IPR on "IPR awareness for Engineers"

Respected sir,

I'm writing to request permission to conduct the IPR on IPR awareness for Engineers and duration is one day. Conducted by Department of Electrical and Electronics Engineering and taught by academicians. It will be held on 12.11.2018 to 13.11.2018 at the AITS. The IPR of primary interest to students and faculties and it covers under the IPR awareness for Engineers subject of known gaps/Content beyond syllabus/Add on course in the curriculum. Students and faculties will be exposed to many real-world applications for this seminar.

I think this IPR is an outstanding value, considering how concentrated it is with time. Thank you in advance for considering this opportunity for me to conduct this seminar. Here am attaching the details of the program.

I look forward to hearing a positive response to my request.

Thanking you

Sincerely,

ABOUT WORKSHOP

Intellectual property is the area of law that deals with protecting the rights of those who create original works. It covers everything from original plays and novels to inventions and company identification marks. The purpose of intellectual property laws is to encourage new technologies, artistic expressions and inventions while promoting economic growth. When individuals know that their creative work will be protected and that they can benefit from their labour, they are more likely to continue to produce things that create jobs, develop new technology, make processes more efficient, and create beauty in the world around us.

Objectives of the workshop:

- Awareness on Intellectual Property Rights and Patents.
- Academic and industrial research perspective, and IPR.
- Innovative steps to quality and success
- Protecting and exploring IPRs.

Theme of the workshop:

The workshop focuses on following topics:

- Intellectual property rights and patents
- Academic and industrial research perspective of IPR
- Role of IP policy and IP cell

About AITS:

Annamacharya Institute of Technology and Sciences(AITS) an recognized by under UGC Section 2(f) and 12(b), and established in the year 2005,is a fast growing technical institution in Andhra Pradesh under the an spices of the well known Annamacharya Group of Educational Institutions. The Annamacharya Group is synonyms with quality engineering education having its institutions across the length and breadth of Andhra Pradesh. AITS is Situated near the World renowned Ramoji Film City, in idyllic spot amidst a vast area of 30 acres with Sylvain surroundings. It now has full fledged laboratories for all five departments of CSE, ECE, CIVIL, EEE and MECH Engg. The college, apart from 5 Undergraduate courses, has also offering Postgraduate Programs like ECE, EEE, CSE and MBA under the JNTUH.

Objective of the Workshop:

Intellectual property is the area of law that deals with protecting the rights of those who create original works. It covers everything from original plays and novels to inventions and company identification marks. The purpose of intellectual property laws is to encourage new technologies, artistic expressions and inventions while promoting economic growth. When individuals know that their creative work will be protected and that they can benefit from their labour, they are more likely to continue to produce things that create jobs, develop new technology, make processes more efficient, and create beauty in the world around us.

Sub: Permission to conduct workshop on trademarks and geographical indication

Respected sir,

I'm writing to request permission to conduct the Seminar on trademarks and geographical indication and duration is TWO days. Conducted by Department of MECHANICAL and taught by academicians. It will be held on 05.12.2018 to 06.12.2018 at the AITS. The Seminar on trademarks and geographical indication, interest to students and faculties and it covers under the subject of known gaps/Content beyond syllabus/Add on course in the curriculum. Students and faculties will be exposed to many real-world applications for this seminar.

I think this seminar is an outstanding value, considering how concentrated it is with time. Thank you in advance for considering this opportunity for me to conduct this seminar. Here am attaching the details of the program.

I look forward to hearing a positive response to my request.

Thanking you

Sincerely,

ABOUT WORKSHOP

This workshop is all about developing your course of action. A trade mark gives its owner right to exclude other from using the trade mark .It cannot guarantee to consumer that goods are produced in certain place and have specific qualities /characteristics as a result .Geographical indication identify a product or service as originating from a particular geographical area , independently from the company that produces it. Name not reserved to a single owner once protected, the exclusive right to use the name belongs to all producers in given geographical area who comply with the specific technical specification.

Objectives of the workshop:

- A trade mark gives its owner right to exclude other from using the trade mark.
- Geographical indications identify a product or service as originating from a particular.
