Time	1.00 to 4.00 pm
Participants	Faculty and Students

## Description

A health camp was held at the Annamacharya Institute of Technology and Sciences Blood Donation Camp in Association with Shri. P.V. Narsimha Rao Memorial Charitable Trust, checked the students' basic health. Many students were found to be anemic and were soon given iron supplements under the direction of their doctors. The students were very happy to learn basic precautions to keep them healthy and fit. Trust members educate the students on hygiene habit and the importance of basic hygiene before meals. Proper hand hygiene is paramount to prevent infection.

Physicians checked HP, blood glucose levels, and electrocardiograms of faculty and non-faculty personnel. Many departments have been found to have high blood pressure and sugar. Doctors provide medicines and provide guidance to faculty. Faculty members and non-faculty members enjoyed learning basic precautions regarding illness and maintaining good health and wellness.

## Description of program

"Self-defense" and discover thousands of classes that claim to teach self-defense for women, children, grandparents and even dogs. This kind of instruction is important and valid, but it can miss the key concepts of self-protection, concepts that are designed to help you avoid conflict in the first place.

"The action of protecting, or the state of being protected. A person or thing that prevents someone or something from suffering harm or injury". As martial artists, we know that it takes years of practice to master self-defense moves. These can include pressure points, strikes, joint locks, kicks and weapons techniques.

Respected Sir,

**Sub:- Requisition for offering a "SELF-EMPLOYMENT AND ENTREPRENEURIAL Skill" AD-HS-I-I-2023)-Reg**

We plan to offer a "self-employment and entrepreneurial Skill" for B.Tech Humanities & Sciences(H&S) students also it will be useful for to distinguish self-employment from other terms such as entrepreneurship and a startup. Entrepreneurship typically refers to the process of designing, launching, and operating a new business. So I request you give us permission for offering this program on "self-employment and entrepreneurial Skill " ( AD-HS-I-I-2022)18.06.2022. This program introduced as per the feedback collected from the all the stakeholders, in this regard requesting you to permit us to conduct the program .

Thanking you,

Yours sincerely,

### **Description of program**

Self-employment refers to working for oneself rather than working for a specific employer who pays them a salary. It is common in a variety of occupations, but one common theme is that self-employed individuals tend to be highly skilled in a specific area.

Some common types of self-employment include independent contractors, sole proprietorships, and partnerships.

It is also important to distinguish self-employment from other terms such as entrepreneurship and a startup. Entrepreneurship typically refers to the process of designing, launching, and operating a new business. It encompasses all new organizations, including small businesses that never intend to grow big and become registered, while a startup is a temporary new organization that is created with the intention to become larger beyond the founders and owners, and hire employees.

Advantages of Self Employment:

- More opportunities to earn money.
