STRATEGIC PLAN 2020-2025

Achieving innovative solutions and unconditional service for benefits of society is central to the mission of the Institute, which requires a long term with all pervasive and comprehensive plan. In short, a strategic plan. The plan aims to meet the expectations, appreciable levels of satisfaction, of all the Stakeholders – students, parents, faculty, other employees and employers – with appropriate feedback and corrective mechanisms. The major thrust of the Strategic Plan is to achieve calibrated improvement in the quality of Engineering and Technical education by utilizing the strengths, overcoming the weaknesses, grabbing the opportunities and mitigating the threats.

Vision

We, at AITS Strive to inculcate Sound Knowledge of Engineering and Management in students along with Social Responsibility and Ethical Practices, to enable them to face Impending Challenges so as to carve a niche for the country in Global arena.

Mission

“AITH Mission is to create committed and self motivated Engineers and managers equipped to offer innovative solutions and unconditional service for benefit of society and the world at the large.”

Core Values:

Annamacharya Institute of Technology and Sciences is Committed to impart “Quality Education & Training” leading to various professional Degrees and Aims to be a global Institution through continual improvement. We are committed towards developing and advancing the college as an Institution of higher learning by offering High Standard Technical Education through State-of-the art Infrastructure, innovative pedagogical approaches and pleasant ambience. The innate talents of the students are nurtured through overall development by providing a number of curricular ,co-curricular and extracurricular activities.

We are also committed to implement effective and transparent appraisal system. A good exposure to the students is offered through industry interaction, MOUs, expert lecturers, entrepreneurship, research and consultancy. The college provides conducive work environment to the faculty and staff by offering best facilities as per the regulating agencies for knowledge update, qualification improvement, etc.

Excellence:

- To impart Quality Education & Training leading to various professional Degrees and Aims to be a global Institution through continual improvement.
- Developing and advancing the college as an Institution of higher learning by offering High Standard Technical Education through State-Of-the art Infrastructure, innovative pedagogical approaches and pleasant ambience.
- The innate talents of the students are nurtured through overall development by providing a number of curricular, co-curricular and extracurricular activities.

Entrepreneurship:

- A good exposure to the students is offered through enhanced Industry Interaction, MOUs, expert lecturers, entrepreneurship, research and consultancy.

Integrity:

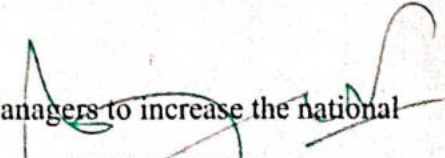

- The college provides conducive work environment to the faculty and staff by offering best facilities as per the regulating agencies for knowledge update, qualification improvement, etc.

Leadership:

- Develop leaders with ability to find creative solutions to the problems of the industry.

Service to the nation:

- Utilize technology for building self motivated Engineers and Managers to increase the national wealth.

GOALS OF THE COLLEGE:

- Teaching and Learning
 - Outreach and Engagement
 - Development and Infrastructure
1. Enhance and Enrich educational Opportunities and ensure a focus on the students
 2. Increase research enterprise and impact to develop strategic partnerships and interdisciplinary collaborations.
 3. Increase visibility, outreach, and community engagement
 4. Develop a sustainable infrastructure

Strategies deployed to achieve above mentioned Goals are:

GOAL	STRATEGY
1. Teaching & Learning	By Delivering outstanding and evolving education programs, emphasizing, experiential learning
	By providing a global, real-world perspective of engineering in the learning experience.
	Nurturing unique, modern curricular programs that engage prospective student
2. Research & Innovation	By creating a climate of interdisciplinary, translational research and development
	By Recruiting and retain outstanding and diverse faculty who are willing to become internationally recognized.
	By establishing and growing major multidisciplinary research programs aligned with international priorities and societal needs
